

## XQ — VET Report

**Name:** Arindam Kar

**Email:** arindkar@gmail.com

**Phone:** 9748277281

**Verdict:** Pivot

**Summary:**

A human judgement layer over AI thinking aims to improve AI report practicality by providing clear instructions. The founder has 23 years of IT experience and a 2-person team, but lacks capital for a Proof of Concept.

**Scores:**

Market: 6

Tech: 8

Team: 7

Traction: 2

**Top Risks:**

- Lack of capital for Proof of Concept
- Competition from established AI solutions
- Difficulty in scaling human judgement layer

**Must Fix:**

- Develop a clear business model and revenue strategy
- Secure funding for Proof of Concept
- Define a unique value proposition to differentiate from existing AI solutions
- Establish a scalable team structure
